## INTRODUCTION:

Genrobotic Innovations Private Limited, always believes in continuous innovation to be the core for developing robotic technologies that ensure safety and empowerment to uplift the lives of people. With innovative products, Genrobotic Innovations Private Limited had empowered the lives of more than 1700 sanitation workers spanning around 17 states of our country. Apart from working on a social model for the business, Genrobotic Innovations Private Limited defines itself apart from its core robotics to reach the people for their betterment.

Genrobotic Innovations Private Limited Innovations partnered with Genrobotic Innovations Private Limited Foundation to expand its reach and benefit more people through social impact initiatives. The founders of Genrobotic Innovations Private Limited are dedicated to giving back to society through their innovations and other efforts, and this is reflected in Genrobotic Innovations Private Limited Innovations CSR policy.

## BUISNESS STRUCTURE

Genrobotics has expanded its business nationwide, offering robotic solutions. One of Genrobotics' most notable innovations is Bandicoot, the world's first robotic scavenger. This robot was designed to clean manholes, eliminating the need for manual scavenging which is a dangerous and unhygienic practice. Bandicoot has been deployed in 18 states and 3 Union Territories across India, and its success has earned Genrobotics numerous accolades and awards

Another significant creation from Genrobotics is G-Gaiter, the robotic gait trainer that helps patients with mobility issues to regain their strength and balance. This technology has received significant attention in the medical sector and has been installed in several hospitals in Kerala.

Genrobotics' commitment to making a positive impact on society through technology has earned us a reputation as a socially responsible company. Our innovative solutions have not only improved the efficiency of various industries but have also contributed to improving the quality of life for people.

//

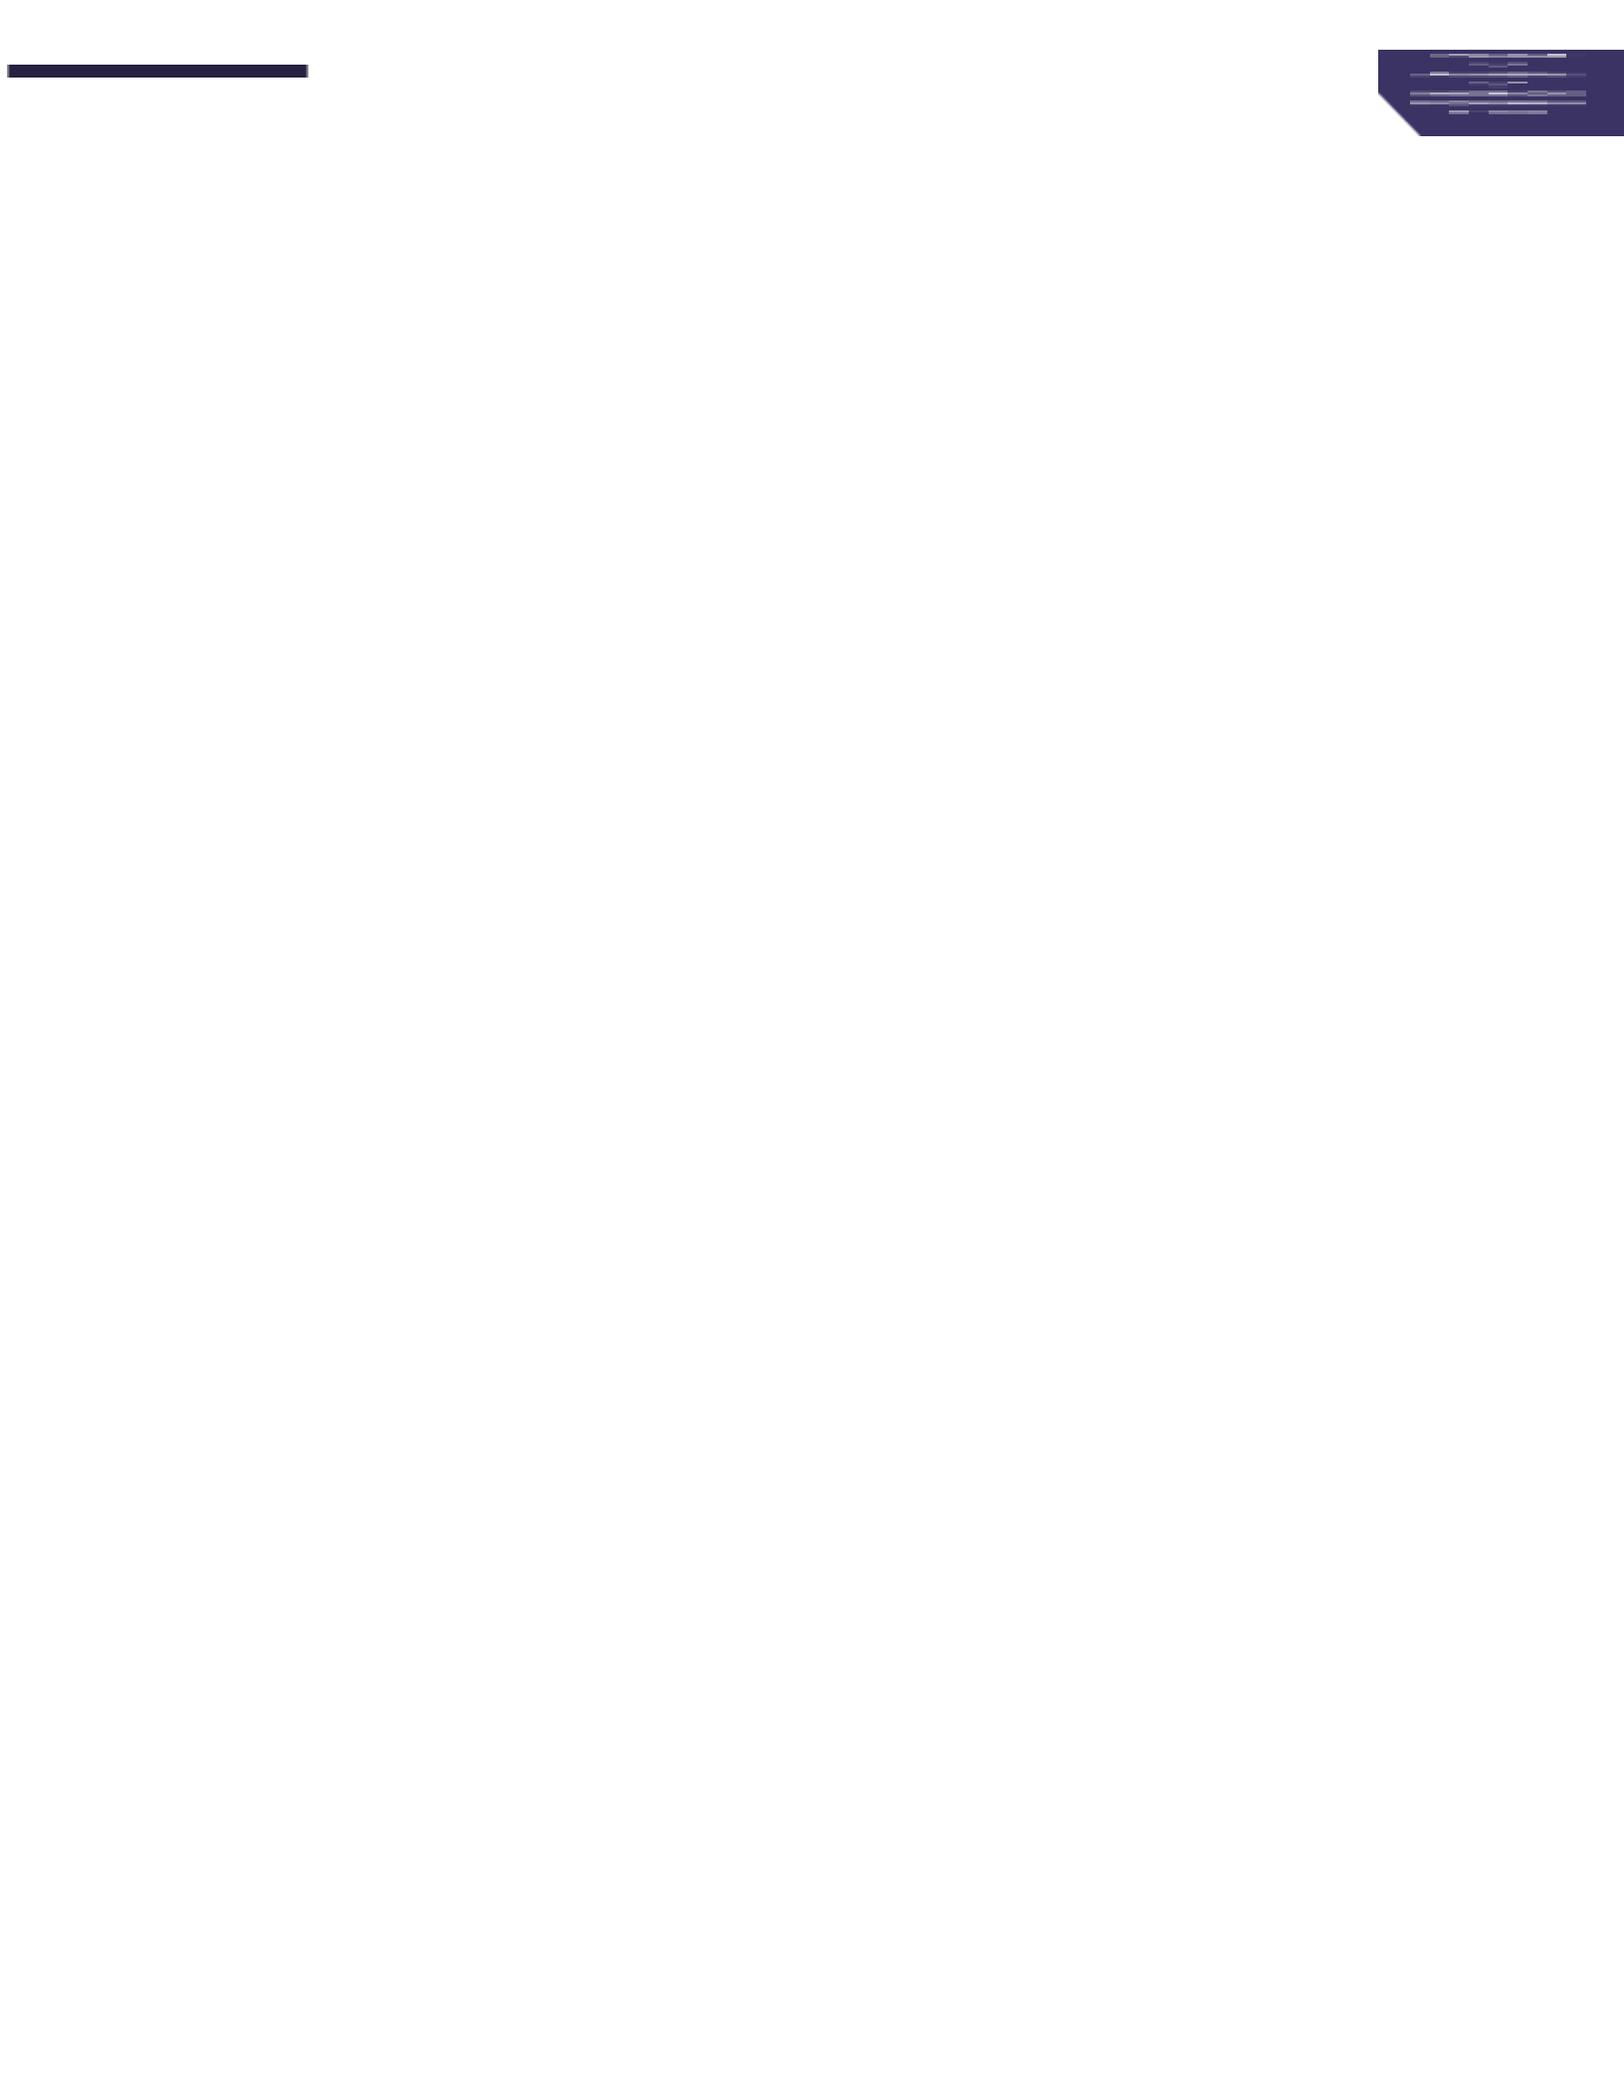

## BUISNESS NETWORK

Genrobotics has made significant progress in expanding its reach by successfully vending our products, Bandicoot and GGaiter, in 17 states across the country. This achievement is a testament to the company's dedication and hard work.

In addition to expanding into new states, Genrobotics has established a presence in each of these locations through its workforce, which comprises employees working in various capacities across the states. The company's ability to hire and retain skilled personnel in each departments has been critical in enabling its operations to run smoothly.

# CSR VISION

To envisage an inclusive society with holistic development of underprivileged sections by facilitating and empowering them towards a dignified life

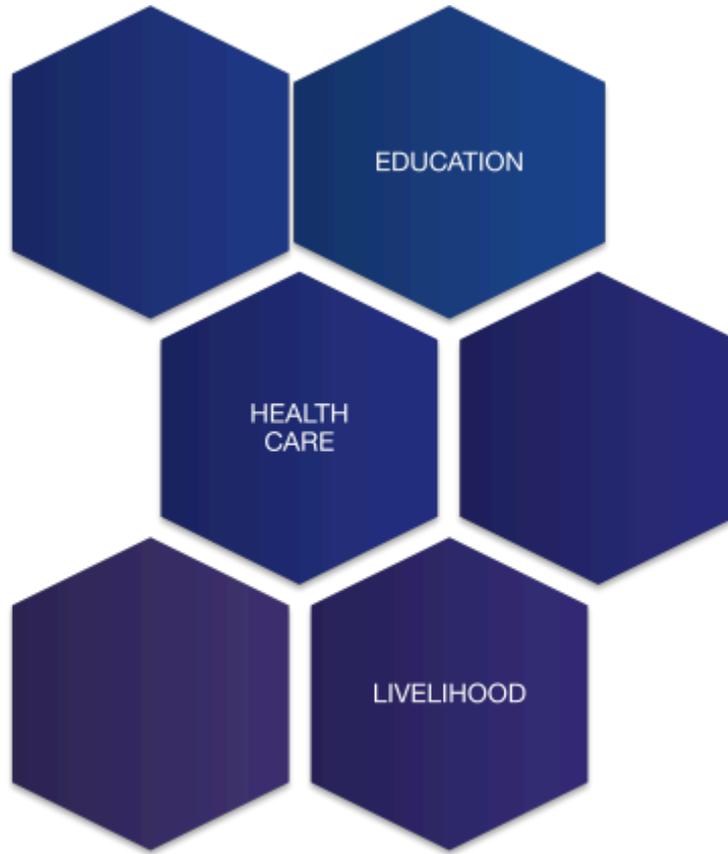

## CSR MISSION:

To work towards enriching lives culturally, socially and economically by embracing a positive influence through educational support programs, skill development activities, rehabilitation and livelihood enhancement. Thus, serve as a catalyst to advance quality of life.

The activities undertaken must be:

- a. Value added
- b. Sustainable
- c. Bring in a positive social impact

## FOCUS AREAS

During the year 2022-23, Genrobotics had spread its CSR initiatives majorly in three sectors- Education, Health Care and Livelihood.

## PROGRAM REPORT:

CSR became the integral part of business around the globe. Genrobotics being a socially committed organization, has developed all its CSR initiatives keeping an aim for having at most positive impact among its beneficiaries. The sectors and location where, Genrobotics identified itself for conducting its CSR initiatives were identified with this framework. We have took sampling with certain criteria so that the most needful should not be left over and while beneficiary analysis all the necessary backgrounds were checked using various tools. We have received facilitation from different Government agencies and departments in beneficiary analysis that made our projects successful in its beneficiary identification and selection.

## EDUCATION:

According to Genrobotics' core values, education is considered the most powerful tool to bring about transformative change. To this end, the company has implemented the principles of "Education for all" and "Empowerment through Education" in its interventions. In addition to traditional curriculum-based education, Genrobotics has extended its reach to various children's homes and informal sectors to facilitate the learning process. The company has distributed aids to these institutions to support and encourage their involvement in education. Genrobotics' CSR objectives prioritize education, as evidenced by the significant portion of CSR funding dedicated to the education sector.

Our initiatives includes

- School Infrastructure Development
- Providing Smart Classrooms
- Supply of Books and Stationary items

### SCHOOL RECONSTRUCTION PROGRAM AT GBLP SCHOOL, NAYYUR, PALAKKAD

Genrobotics school reconstruction program under CSR initiatives recently provided an auditorium space for GBLP school in Nayyur, Palakkad, Kerala. The school, which is 111 years old, is renowned for its distinguished alumni and high-quality education. Despite its many accomplishments, the school was lacking in space for gatherings and conducting group activities. to address this issue, Genrobotics launched the program at GBLP school Nayyur in the presence of honorable Minister for

## Approach to Education

According to Genrobotics' core values, education is considered the most powerful tool to bring about transformative change. To this end, the company has implemented the principles of "Education for all" and "Empowerment through Education" in its interventions. In addition to traditional curriculum-based education, Genrobotics has extended its reach to various children's homes and informal sectors to facilitate the learning process. The company has distributed aids to these institutions to support and encourage their involvement in education.

## SMART CLASSROOM AT G. KARTHIKEYAN MEMORIAL MRS, KUTTICAL, TRIVANDRUM

As a technology-focused organization, Genrobotics believes that technology should be harnessed to transform the world equitably. As part of its CSR program, the company provided a Smart Classroom for G. Karthikeyan Memorial Model Residential School in Kuttichal, Thiruvananthapuram, Kerala. This residential CBSE School focuses on tribal students. The introduction of the Smart Classroom has enabled the students to access technology-based education and become more inclusive in the learning process. Additionally, the company provided a set of library books to promote effective reading habits among the students.
